

**JUKI®**

**1-needle, Lockstitch Machine**

# DDL-8300

A new model of lockstitch machine that produces delicately finished high-quality seams on many different kinds of materials.

**DDL-8300**

**Sewing mechanism that demonstrates outstanding responsiveness to materials to be sewn.**

The thread take-up, hook, thread path, presser foot and feed mechanisms have been thoroughly investigated and modified to enable low-tension sewing. The machine flexibly responds to various kinds of materials, producing beautiful seams of consistent quality.

**The machine has easy-to-operate functions to achieve improved operability.**

By providing a presser foot with a higher lift(13 mm), a light-touch stitch dial, and other easy-to-operate functions, the burden on the operator is lightened, and productivity is further increased.

**The machine has been designed for reduced vibration and noise and upgraded reliability and durability.**

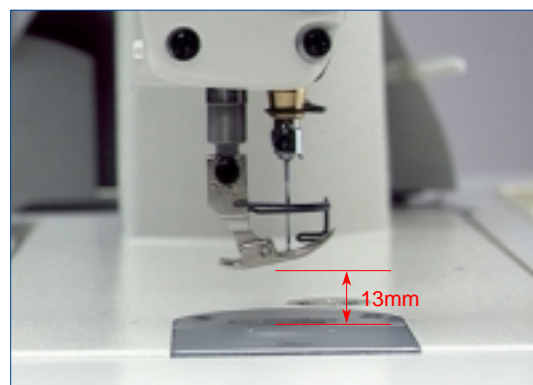

By adopting a machine frame structure designed to obtain optimal balance and upgrade strength and rigidity, the machine runs with reduced vibration and noise. The machine comes with a special lubricating mechanism and market-proven feed mechanism that supports a maximum sewing speed of 4,500 rpm. The result is outstanding reliability and durability.

**The machine is provided as standard with attachment mounting seats.**

The machine is provided as standard with extra attachment mounting seats for attachment of new auxiliary parts in the future. The extremely high durability of the seats ensures an extended service with frequent replacement of attachments.

**Newly-designed machine head to fulfill functional beauty.**

With a wider space provided in front of the underside of the arm, the operator can smoothly handle the sewing material set on the machine. With its gentle and stable form, designed to conform to the movements of human operator and its urban white coating, modern and pleasing to the eye, the machine promises comfortable operation.

## ■ Specifications

Model name		DDL-8300	DDL-8300H
Type		For medium-weight materials	For heavy-weight materials
Max. sewing speed		4,500rpm	3,500rpm
Max. stitch length		5mm	
Needle bar stroke		30.7mm	35mm
Lift of the presser foot	By hand lifter	5.5mm	
	By knee lifter	13mm	
Needle		DB x 1 #14 (#9 ~ #18)	DB x 1 #21 (#19 ~ #23)
Feed dog		3-row	
Hook		Automatic-lubricating full-rotary hook	
Lubrication		Fully automatic	
Weight of the machine head		28kg
